

We just celebrated 62nd Republic Day of our beloved Nation! The day on which ..'We the people' adopted ..our own Constitution of India! The constitution which bestows on us some very important Fundamental Rights (and of-course Fundamental duties) including the Freedom to Speech! Unfortunately..TODAY, Free speech is being curbed and being suppressed all through out the Country, specially so as to prevent citizens from raising their voices against the ever raising corruption in various Government Organizations!

This suppression has gone upto the extent that many people who stand by truth and fair are labeled as Anti-National forces !! Imagine a person trying to raise voice against corrupt practices, and trying to render National Service..gets labeled Anti-Nation?!!

Such is the case of DR. BINAYAK SEN !! A dedicated Public Health Activist, who dedicated his whole life to fight for better Health and Human rights for some of the most under-served communities of India.He was arrested in May 2007 on fabricated charges of sedition, joining dozens of other human rights activists in Indian jails who were also arrested under draconian laws.

Who is Anti-National here ..the one who is in power and is corrupt or the one who tries to bring positive changes in the lives of many and raises voice against the wrong-doings!!??

Its for us to decide...and express !! This is our tribute to the Martyrs who laid down their lives with a dream of a Progressive Nation! So, come join us at the **LIVE GRAFFITI @ Martyrs' Express!!**

Arrival Time: 4:00 pm, Sunday 30th Jan

Platform: Sector 17 Plaza, Chandigarh

LET THE THOUGHTS FLOW FREE !!!
